5. Extension of Autonomy: UGC-MHRD No. F.22-1/2017 (AC), dated: 15-07-2020

#### PREAMBLE:

College autonomy, in essence, is the potential for promoting academic advancement. An autonomous college will have the freedom to devise its academic regulations, curricula, syllabi and modification thereof, evolve a more effective method of teaching & learning, conduct its examination and evaluation, and in making the improvements required for raising the quality of higher education. The final degree certificate will be awarded by Rani Channamma, University, Belagavi.

Autonomous college uses modern tools of educational technology to achieve higher standards & greater creativity. Today is an era of fast paced technological era and autonomy enables to adopt and implement as and when required.

A process of systematic internal assessment and continuous evaluation is necessary to build rapport between the teachers and learners. Very often it is the teacher who understands the students better than others. A student needs to learn socially relevant subjects under the present situation of Liberalization, Privatization and Globalization, so that he/she shall be able to face future challenges and shall be useful to the society. These needs can be addressed by the Autonomous System and help the student for his/her all-round development. Under the present condition, autonomy is the only answer to make the college a "Centre of Excellence" in higher education.
