PREAMBLE:

College autonomy, in essence, is the potential for promoting academic advancement. An autonomous college will have the freedom to devise its academic regulations, curricula syllabi and modification thereof, evolve more effective method of teaching and learning, conduct its own examination and evaluation and making the improvements required for raising the quality of higher education. The final degree certificate will be awarded by RCU, Belagavi.

Autonomous college uses of modern tools of educational technology to achieve higher standards & greater creativity. Today is an era of fast paced technological era & Autonomy enables to adopt & implement as & when required

A process of systematic internal assessment and continuous evaluation is necessary to build rapport between the teachers and taught. Very often it is the relevant who understands the students best than others. A student needs to learn socially relevant subjects under the present situation of Liberalization, privatisation and Globalisation, so that he shall be able to face future challenges and useful to the society. These needs can be addressed by the autonomous system and helps the student for his/her all-round development. Under present condition autonomy is the only answer to make the college centre of excellence in higher education.
